## Dashboard Warning

- If a warning light indicates a fault with your vehicle you should stop using and read the manufacturer's service information, you should only continue to use it if the manufacturer's service information says it is safe to do so.
- A dashboard warning light or a fault code in your vehicle' on board diagnostic (OBD) system may indicate a fault, but is not in itself proof of the breakdown or premature failure of any part, but should be investigated at the earliest opportunity and report the matter to us.
- You should stop using it if there is any other indication of a problem, such as an unusual noise or vibration or if any water or fluid is leaking from the vehicle. If you make a fault worse by continuing to use your vehicle, we will not pay towards repairs.
- If you become aware of a problem, if it is safe to do so, immediately take your vehicle to a repairer

In addition to the terms on the previous page, there are some other important things you need to be aware of when requiring claims assistance:

## Claim Conditions

1. We reserve the right to contact garages to discuss potential liabilities, and nominate the garage and or the supplier of the parts. We also reserve the right to use guaranteed reconditioned or exchange parts, and to send any parts away for reconditioning or inspection
2. Where the repair or replacement of the parts or assemblies brings about improvement or betterment of the vehicle, we reserve the right to require a contribution from you towards the cost of the repair at our reasonable discretion. We will discuss this with you before the repairs commence, taking into account the current age and mileage and the cost of restoring the vehicle to its pre breakdown condition.
3. If the cause of the failure is not evident from the diagnosis, your vehicle may need to be stripped or disassembled to some extent for a claim to be considered. This will only be done on your authority and the cost will remain your responsibility until the claim is authorised.
4. To establish liability, there may be times when we need to instruct an independent assessor to inspect and report on their findings. The results of these findings are final and binding on all parties. If, following specific arrangements, the vehicle is not available or the assessor is unable to carry out the report (for instance if the vehicle is not stripped), we will deduct fees for the second inspection visit from the authorised claim amount.
5. Repair times are calculated inline with the repair times definition on the contents page at the agreed labour rate. Our liability will be based on the repair times as shown for the specific repair.
6. All faults must be registered with us immediately.
7. You may be required to provide proof of servicing with a recent service invoice from a VAT registered garage before a repair can be considered.
8. You have 45 days from the date of the authorisation to complete the repairs and submit the invoice to us for payment. After this time, the claim will be cancelled and no reimbursement is possible.
9. This warranty is limited to one repair of each covered part. If more than one part has failed at the time your claim is agreed, it will be dealt with as one claim.
10. In the event of a false or fraudulent claim, your warranty will be invalidated. We also reserve the right to prosecute in all cases.

## General Conditions

1. No part of this document may be altered without our consent. Your warranty is in addition to any legal rights that may apply.
2. Your warranty is governed by English law and this is the law we use unless you ask us for another and we agree to it within 30 days of the date that your cover starts. Any communications regarding your cover will be in English.
3. You must give us all the information and help that we require in order to provide service under your plan. This also applies where we wish to enforce any rights against any manufacturer, repairer, supplier or other party.
4. You must comply with all of the terms and conditions of this warranty, including 'Your Obligations'. Any liability we may have depends on your compliance with these terms and on the truth of your statements.
5. If you give us incorrect information, we may consider your application fraudulent and reserve the right to cancel it with no reimbursement. Where we have made any payments as a result of your dishonesty or exaggerated behaviour, your cover will be invalidated with immediate effects and you will again not receive any reimbursements. We also reserve the right to take legal action against you to reclaim any repair payments made. Any legal proceedings will be held in the courts of England and Wales.
6. You must allow us free access to examine the vehicle at all times.
7. You are responsible for authorising the repairer to commence the work required and for paying the costs involved if the work proves that the repair is outside of our liability.
8. Subject to our approval and at our absolute discretion, we'll offer you the opportunity to upgrade your cover (where eligible) within 4 weeks of you taking it out, and also the opportunity to renew up to 30 days before your cover ends. If you'd like to be notified with these communications, we will assume you have given us permission to contact you by taking out this warranty.
9. We will not tolerate abuse, slander, false allegations or otherwise untoward behaviour under any circumstances and may cancel your cover at our discretion if any such behaviour occurs. In these instances, we also reserve the right to begin legal proceedings to reclaim costs for any damages incurred should we deem necessary.
10. We reserve the right to retract a claim authorisation without having a given reason
